### Vineyard:

The vineyard is located in the East of Austria, Southeast from Vienna. The area is called Burgenland and is a big low-land plain, containing also a huge National Park closeby. The climate is continental with warm and dry Summers and cold Winters. Rainfall can be quite little. The average is 450mm per year.

### Vinification:

Classical rosé production using short maceration to give the optimal rosé coloring. Very reductive, using carbon gas to ensure best color retention.

### Terroir:

Sandy-clay soil, textured with gravels formed after a million years old fluvial movements.

### Training system:

Normal classical trellising system, allowing optimal sun and air permeation.

### Tasting Notes:

Appetizing notions of strawberry and ripe pear appear immediately in this wine. The light, dry palate follows suit with equally joyful, fruity exuberance. It's light, easy and utterly fruit-driven. Drink while the aromas are at their peak.

*Wine Enthusiast*

Pale silver scarlet color. Mild aromas of berries and pepper with a soft, dry-yet-fruity medium an a tangy cranberry, mineral, and lemon rind finish. A racy, rose with laser-like acidity for the table; pair with salads.
