

# Creative Kitchenz

At Creative Kitchenz we build cabinets for contractors in Southern Utah and Southern Nevada. We also provide hardware, as well as appliances. With over 50 styles in cabinet doors we are sure to have one that you love. Contact us today for a consultation at the job site or in our office.

Our cabinet lead time is 5 weeks for most projects.

We are proud to announce our new standard builders' product- Desert Prime! We build a very aggressively priced cabinet with plywood sides, dovetail drawers and slow close on everything. We have 12 door styles all at the same price, including painted and stained doors.
