

Designer Furniture Gallery

Founded in 1983 by Dallas Mangum, Designer Furniture Gallery (DFG) started out as a small shop on 200 South in St. George. Through hard work and a commitment to customer service, we have become one of the largest furniture stores in the area. With over 25,000 square feet of showroom space, DFG offers an exceptional variety of top-quality home furnishings, accessories, bedding, lighting, flooring, window treatments and wall coverings. We continue to be the one-stop shopping source for all your home furnishing needs. Our experts can help you design your entire home interior from start to finish. All SUHBA members can take advantage of our members discount of 20% off all regularly priced items.
