

Realm of Design, Inc.

Realm of Design has been designing and creating exquisite architectural details for over 27 years. Our specialty is in artistic, custom, hand-crafted fireplace surrounds & mantels, kitchen-hoods, concrete & pewter counter tops, columns, faux wood beams, balusters, fountains, entryways and more. Realm of Design is an award-winning, family owned and operated company that was established in 1991. The foundation of the company was based on providing designers, architects, builders and home owners with the most breathtaking architectural elements the world has ever seen. Our devotion to customer satisfaction, along with an unlimited combination of design variations and materials give us the capability of making any design a reality. Showroom open to the public.
