

The Buckner Company

The Buckner Company is a full serviced Insurance Agency. We have been in business 90+ years and are now a third generation family owned business. We believe what sets us apart is our ability to tailor our services/resources to the largest construction accounts as well as smaller construction accounts. We are one of the largest locally owned agencies in the state which gives us the ability to offer value added resources you don't get at a smaller firm, but also offer the service and relationship you get from a privately held local firm. We offer insurance, bonding, benefits, and risk management to all our clients.
